

GET DOWN AND DIRTY!

E Mālama I Ka Wai Ola

Protect our waters...
FOR LIFE

Don't take Hawaii for granted. What ends up on the city streets could end up in the ocean. You can make a difference by joining the City and County of Honolulu and your neighbors to ...

1. Keep sidewalks, curbs and gutters clean
2. Prevent soil and debris from leaving your property
3. Gather grass and tree cuttings and dispose as green waste, or compost your yard trimmings
4. Purchase oil change boxes; soak up spilled oil and dispose of appropriately
5. Remove and dispose of pet waste before you leave an area
6. Use water-based paint and discard properly
7. Use only the amount needed of pesticides and fertilizers
8. Wash your car with plain water or consider washing it on the lawn
9. Keep household cleaning products from becoming hazardous waste
